## NEW YORK ETA IS FIVE STAR CHAPTER

The Office of Fraternity and Sorority Life (OFSL) recently released their semesterly review, which contains a quick glimpse into the achievements of all of the chapters from the prior semester. **New York Eta was named a five-star chapter and was also named as a finalist for the President's Cup.** In the next few weeks, chapter leaders will put together a presentation that will be given to the 2020 Presidents Cup Selection Board. It will be based on this

presentation that the winners will be based on. At the end of every semester, the chapter president submits a report containing all of the programming that the chapter has held during the semester. Points are assigned to various events and programs. This is how New York Eta's five-star ranking was determined. It should also be noted that the chapter did a great job with scholarship this past semester, holding a 3.184 GPA which is 3rd place in IFC.

## THE FOUR HORSEMEN

Iron phi has sponsored a new challenge, and 4 members of New York Eta have taken this challenge. The group will all attempt to become Iron Phis by the end of the semester. They hope to plan and execute philanthropy events that will ultimately be donated to the Live Like Lou Foundation. New York Eta is well on their way to possibly becoming an Iron Phi Chapter for the 2019-20 academic year.

# SPRING 2020 RECRUITMENT

Hi, my name is Jared Ebenstein and I have had the pleasure of serving as the recruitment chairman for this recruitment period, and I will continue to do so for the remainder of the calendar year. The Spring '20 recruitment season so far is off to a strong start, with a strong showing from potential new members, many of whom are already friends of Alpha Class. It is nice to see our newest members actively recruiting quality men. We hosted seven events, which included bowling, movies, S'mores, tailgating, garbage plates and more. My experience as the recruitment chairman has been a positive one for both for me and the chapter thus-far. I look forward to seeing the final results of the Beta Class roster.
